

# ROCKET MAZE

Who reaches the rocket? Hercules or Sheila?

Hercules

Sheila

# THE STORY

Re-tell the story to a friend from memory using the pictures to help you!

## The Beginning

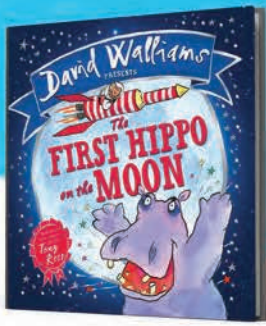

## The Middle

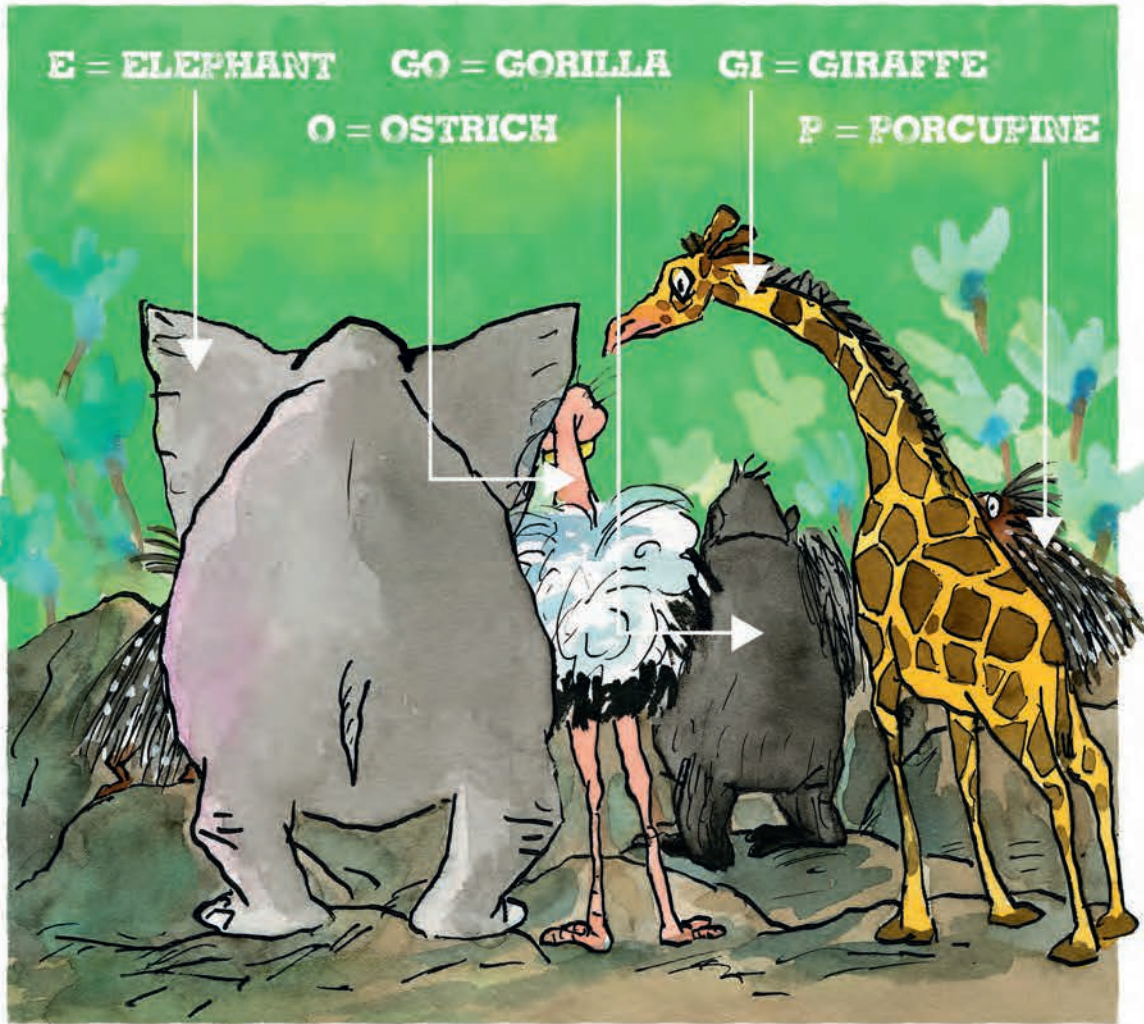

## The End

# SORTING THE ANIMALS

Working with a partner, who do you think is the:

- |                 |                                       |                  |                                       |
|-----------------|---------------------------------------|------------------|---------------------------------------|
| <b>Biggest</b>  | <input type="checkbox"/>              | <b>Smallest</b>  | <input checked="" type="checkbox"/> P |
| <b>Tallest</b>  | <input type="checkbox"/>              | <b>Shortest</b>  | <input type="checkbox"/>              |
| <b>Fattest</b>  | <input type="checkbox"/>              | <b>Thinnest</b>  | <input type="checkbox"/>              |
| <b>Fastest</b>  | <input checked="" type="checkbox"/> O | <b>Slowest</b>   | <input type="checkbox"/>              |
| <b>Loudest</b>  | <input type="checkbox"/>              | <b>Quietest</b>  | <input type="checkbox"/>              |
| <b>Heaviest</b> | <input type="checkbox"/>              | <b>Lightest</b>  | <input type="checkbox"/>              |
| <b>Widest</b>   | <input type="checkbox"/>              | <b>Narrowest</b> | <input type="checkbox"/>              |

Who do you think is the most colourful ? \_\_\_\_\_

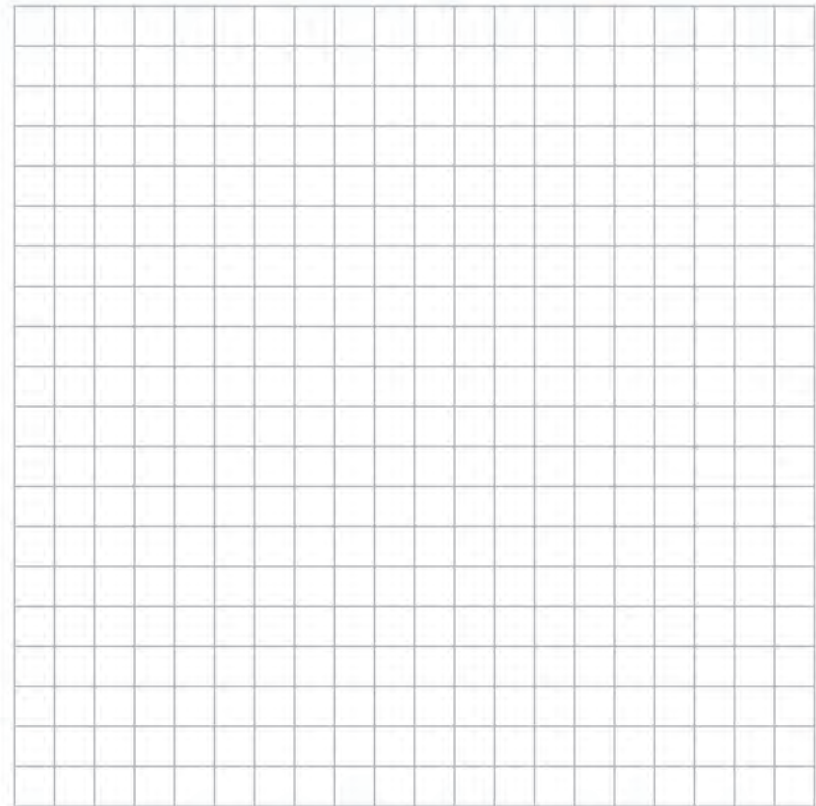

# JOIN THE STARS

**In the picture below there are three groups of stars, called constellations, that have the shape of an animal. Join the stars below to show each of the animals clearly.**

**Now it is your turn. Think of an object (like a spoon) or another animal (like a rabbit) that would make a good constellation. Outline the object or animal by drawing stars on this grid.**

**Ask one of your friends to join the stars on your grid.**
