# Mathematics Practice Test and Mark Scheme Paper 1: Arithmetic 

 Pack 2: 2017 (new curriculum)Key Stage 2 SATs
Mathematics Practice Test
Paper 1: Arithmetic

| First name |  |
| :--- | :--- |
| Last name |  |
| Class |  |
| School |  |
| Score |  |

## Instructions

You may not use a calculator to answer any questions in this test.

## Questions and answers

- Work as quickly and as carefully as you can.
- Put your answer in the box for each question.

- All answers should be given as a single value.
- For questions expressed as common fractions or mixed numbers, you should give your answers as common fractions or mixed numbers.
- If you cannot do a question, go on to the next one. You can come back to it later, if you have time.
- If you finish before the end, go back and check your work.

## Marks

- The number under each box at the side of the page tells you the maximum number of marks for each question.
- In this test, long division and long multiplication questions are worth TWO marks each. You will be awarded TWO marks for a correct answer.
You may get ONE mark for showing a formal method.
- All other questions are worth ONE mark each.
- If you finish before the end, go back and check your work.

|  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  | marks |
|  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |

The instructions and principles of this mark scheme closely follow the guidance in the 2016 national curriculum tests. We have deliberately not set a limited time for the test paper as a teacher may want to vary it according to the standard individual children are working at.

The national curriculum test allows 30 minutes to complete this test.

## THIRD SPACE

LEARNING

## Third Space Learning <br> Year 6 Maths SATs Foundation

Prepare early for SATs with 1-to-1 tuition starting in September.
Our 1-to-1 Maths specialists will work with your target pupils to plug gaps, secure key concepts and develop problem solving skills.

Find out more here: http://bit.ly/Y6Maths

## "Third Space has done wonders for

 pupils' attitudes towards maths - they look forward to their sessions. Also the fact I can pick and choose quality sessions is a huge asset.Lisa Graham, Deputy Head, St Hughes C-of-E Primary

# "My tutor understands when I don't get things right. She helps me through at a steady pace and always believes I can do it: ${ }^{\prime \prime}$ 

Millie, Year 5, Worcester
